Preliminary Schedule (subject to change)

Day - Time	Event
May 20 th - Evening	Welcome reception
May 21 st All day	Opening session, Scientific presentations – oral and poster
May 22 nd All day	Scientific presentations – oral and poster
May 23 rd Morning	Scientific presentations – oral and poster
May 23 rd Afternoon	Local Tours

Attendance

Sea Lice 2010 hosted approx 250 delegates and we expect the same or more delegates for this conference.

Sponsorship Acknowledgement

All sponsors will be acknowledged by the following:

- 1) Conference website
- 2) Conference Program and Poster
- 3) Verbal acknowledgement during opening session

1. Conference Partners: by invitation
2. Conference Sponsors: € 15000

Conference Sponsorships are open contributions towards the conference. In addition to the acknowledgement stated above Conference Sponsors will have a high profile for the full duration of the event and be invited to provide additional advertising materials to be included in delegate packages. Specific requests will also be taken into consideration.

3. USB Drive sponsor: € 1800

Go green! Sea Lice 2012 will strive to limit the amount of paper we use for the conference. All program sessions, abstracts and conference information will be provided to delegates on a USB Flash Drive. The logo for the conference will be on one side of the flash drive but you can have the other!

4. Student Sponsorship – to cover travel and stay for students attending the conference

Students are an important component of the conference and they are encouraged to present at the conference. Student papers will be accepted for presentations by the scientific review committee and once accepted for presentations the students will be invited to apply for an award to cover travel, accommodation and registration. Sponsors are encouraged to participate in the award process.

5. Best Student oral presentation and poster awards

During the conference designated scientist and representatives from the sponsors will evaluate the student contributions. At the last day there will be a ceremony for presenting awards for best presentations.

We hope you will be able to help us make the Sea Lice 2012 a memorable conference. If you have other ideas on how to contribute please do not hesitate to make contact.

Sincerely

Ole Torrissen
